

Presentation of the 2014 John Fekete Awards

The John Fekete Award recognizes outstanding service to the Trent University Faculty Association, its members, and the academic profession generally. The award honours Professor John Fekete whose 36-year career as a member of the Trent University faculty was marked by extraordinary leadership, lasting achievements, and extensive service to the Union and its affiliates.

Join us as we celebrate TUFAs history and recognize four members who contributed enormously to the Association's development. This is the John Fekete Award's inaugural year and four members will be presented with the award:

Graham Cogley, Doug Curtis, David Kettler, and George Nader
